October 22, 2020

Dear Trustees, Directors and GSO and GV employees,

There is an unprecedented amount of change going on in the office as we adapt to the economic and social upheaval brought on by the pandemic by practicing our principles.

Fortunately, Greg T. as our General Manager has led us through the necessary modernizing of the office and GSO services during the last five years. The changes he has spearheaded have been warmly welcomed by the Fellowship, based on their continued and record setting 7th Tradition support in each of the past four years, support that helps GSO continue to put the message and hand of A.A. out there, where it is so desperately needed.

As we are now emerging from this transition period, it is time to look forward to who will navigate the General Service Office through our next chapter. We are now beginning a search for a new General Manager as Greg T. is expected to leave us effective February 1, 2021.

I have appointed Jimmy D., SW Regional Trustee and AAWS director to chair the search committee.

We believe we are ready to face our future with resilience and gratitude, thanks to the legacy that Greg has left behind. Please continue to help each other, and Greg, as we meet the challenges ahead.

Yours in Service,

Michele G.

Chair of the General Service Board

Beau B.

Chair of Alcoholics Anonymous World Services
